In re Application of:  
Philip R. Moore  
For: FUEL DISPENSING SYSTEM  
WITH MODULAR COMPONENTS  
Filed: 02/06/2004  
Application no: 10/773,742  
Docket no: MOOREPAT1

PETITION UNDER 37 CFR 1.53(e)(2)

Applicant hereby petitions under 37 CFR 1.53(e)(2) to accord the filing date of the above-referenced application as the date indicated on the return receipt postcard (copy enclosed) that accompanied filing of the application.

With respect to this application, Applicant received a NOTICE OF INCOMPLETE NONPROVISIONAL APPLICATION (copy enclosed) indicating that the drawings (copies enclosed) were not filed with the application. However, as indicated on Applicant's return receipt postcard, the drawings were specifically indicated as being included with the application by Applicant's representative, the postcard being received by Applicant's representative without annotation to indicate missing drawings as would otherwise be required by MPEP § 503.

In addition to the postcard, copies of the CERTIFICATE OF EXPRESS MAIL and UTILITY PATENT APPLICATION TRANSMITTAL are included herewith, these copies each showing a listing of 9 sheets of drawings that were filed with the application.

130.00 OP

It is noted that Applicant's representative's postcards, as were used in the past, are now obsolete. Such representative has already taken steps to update his postcards to reflect a more detailed listing of the component parts of a patent application.

As it is believed that the drawings in this application were not matched with the file due to an error in the Patent Office, a refund of the petition fee of \$130.00 is requested with this petition.

Respectfully Submitted by:
